THE STATE OF NEW HAMPSHIRE

(L. S.) To the inhabitants of the Town of Unity, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said town on the 12th day of March next, at nine of the clock in the forenoon to act upon the following subjects:

1. To choose a town clerk for the ensuing year.
2. To hear the reports of the selectmen and other town officers and pass any vote in relation thereto.
3. To choose a member of the board of selectmen for the ensuing three years.
4. To choose a trustee of trust funds for the ensuing three years. And for two years.
5. To choose a library trustee for the ensuing three years.
6. To choose all other necessary officers and agents for the ensuing year.
7. To raise such sums of money as may be necessary for repairing highways, and to determine the price to be paid per hour for labor.
8. To see if the town will vote to raise such sums as may be necessary to secure state aid for permanent highway improvement and state aid maintenance.
9. To see what sums the town will vote for snow removal, and raise and appropriate money therefor.
10. To see what sums the town will vote to raise for controlling the white pine blister rust in town.

11. To see if the town will vote a discount on taxes paid on or before June and September 1st, 1929.

12. To see if the town will vote authorizing the selectmen to borrow money in anticipation of taxes.

13. To raise such sums as may be necessary for other necessary town charges.

14. To transact any other business that may legally come before said meeting.

Given under our hand and seal this 23rd day of February, 1929.

“The annual child health conference held under the direction of the State Board of Health, Division of Maternity, Infancy and Child hygiene took place in October at the Grange Hall. Dr. H. Sanders of Claremont was the examining physician. Twenty children under school age were brought for the yearly examination which was arranged under the chairmanship of Mrs. Albert Reed. We hope these conferences will continue to grow and that each year every child in Unity who is under school age will attend for a check up on its health.”

AUDITOR'S REPORT

Having examined the accounts of the town officers and agents for the year ending Jan. 31, 1928, I find them correct and supported by proper vouchers.

Perley Breed, *Auditor*

Dated January 31, 1929.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The School Board and Citizens of Unity:

I herewith submit my sixth annual report on the conditions, Progress, and educational welfare of our schools. The statistical page shows a slight increase in enrollment. Four years ago the bulk of the enrollment, was at the Center. Now it will be noted that the enrollment at East Unity has increased to include nearly half the pupils in town. At the same time the enrollment at the Western part of the town has increased to over twenty pupils.

EAST UNITY

It is fortunate that the Board made it possible to make an arrangement for providing an assistant at this school for the year. The schoolhouse had ample room to provide for an extra classroom with very little expense. I believe the people of this part of the town can now plainly see the advantage of having the time for the school divided between two teachers. When one teacher has to teach eight grades, many of the recitations have to be limited to five minutes. Imagine, if you can, a group of five children dependent on you for their educational advancement, where you are allotted only five minutes twice a day and eight such groups waiting for you all the time for such direction. Could you make a year's progress in the school year of 180 days or less? Now remove such a burden and double that time to twenty minutes a day and it becomes apparent that you could more than double the results as it takes just as long to start and stop a short recitation as it does a longer one.

This is just what has happened at East Unity this year. I shall be interested to hear from the parents as to whether or not they have noticed any difference in the progress of the pupils.

All this has been brought about at an expense which is almost negligible to the town as we were able to make a very favorable arrangement with the Normal School to get these practice teachers. If you have not yet visited the school, if you happen to live at East Unity, kindly take time to do so before the end of the year to see how well the scheme is working out.

CENTER

The same transition has taken place in the school at the Center. Four years ago we were trying to handle forty or more pupils in one room with one teacher where all the grades were represented. Teachers are not jack-at-all-tradespeople, so when you hire a teacher you do not expect her to be equally good in upper and lower grades. She will naturally teach best the subjects she knows best, and in which she has the most interest, so the pupils in the other grades do not make as good progress as they might otherwise do. It is not because the teacher deliberately neglects them but because of specialized ability in either upper or lower grades.

The Center school was divided into upper and lower grades three years ago, thereby doubling the time devoted to each class and enabling us to hire teachers better fitted for each room. I believe this will enable us to prepare our pupils better to do their high school work wherever they may choose to go for work beyond the work we present in the eight grades.

It often happens that if a pupil doesn't like a subject in school it will be found that the subject was improperly taught at some time, thereby giving the pupil an improper idea of the subject. This is often the cause of pupils dropping out of school prematurely when they otherwise might have gone on farther with their education.

It has been pleasing to have been supported by the School Board and citizens of the town in putting our schools into the well organized condition in which we find them today. If we are able to get good teachers and keep them a year or more, it will enable us to give our pupils an education which will measure up in results comparable to other places in the School Union and in the State.

Respectfully submitted

True C. Morrill,

Supt. of Schools
